

Born to Draw

Learn the basics of Internet safety

Children use a variety of online services, and each of these services can have different safety concerns. However, there are some basic tips, which you can employ no matter how your children use the Internet.

- Keep the computer in a high-traffic area of your home.
- Establish limits for which online sites children may visit and for how long.
- Remember that Internet technology can be mobile, so make sure to monitor cell phones, gaming devices, and laptops.
- Surf the Internet with your children and let them show you what they like to do online.
- Know who is connecting with your children online and set rules for social networking, instant messaging, e-mailing, online gaming, and using webcams.
- Continually dialogue with your children about online safety.

***Born to Draw™* Policy on Internet Safety**

1. Safe surfing guidelines, courtesy, respect, kindness and being polite are the policies that are encouraged in the *Born To Draw™* Program.
2. Students must obey the rules that their parents have on the amount of time spent online and the sites they are allowed to visit.
3. Students will be allowed to share their work by sending a .JPG of their image to be put up on the *Born To Draw™* art gallery. Artwork submission will be made online to the *Born To Draw™* website, where the art teacher will then be able to upload the artwork to the classroom gallery page.
4. Students will only use their first names and will not be allowed to share personal information.
5. Children will be allowed to text questions to the teacher that will be shared with the online class and use emotive icons during the lesson.
